

WindFall®

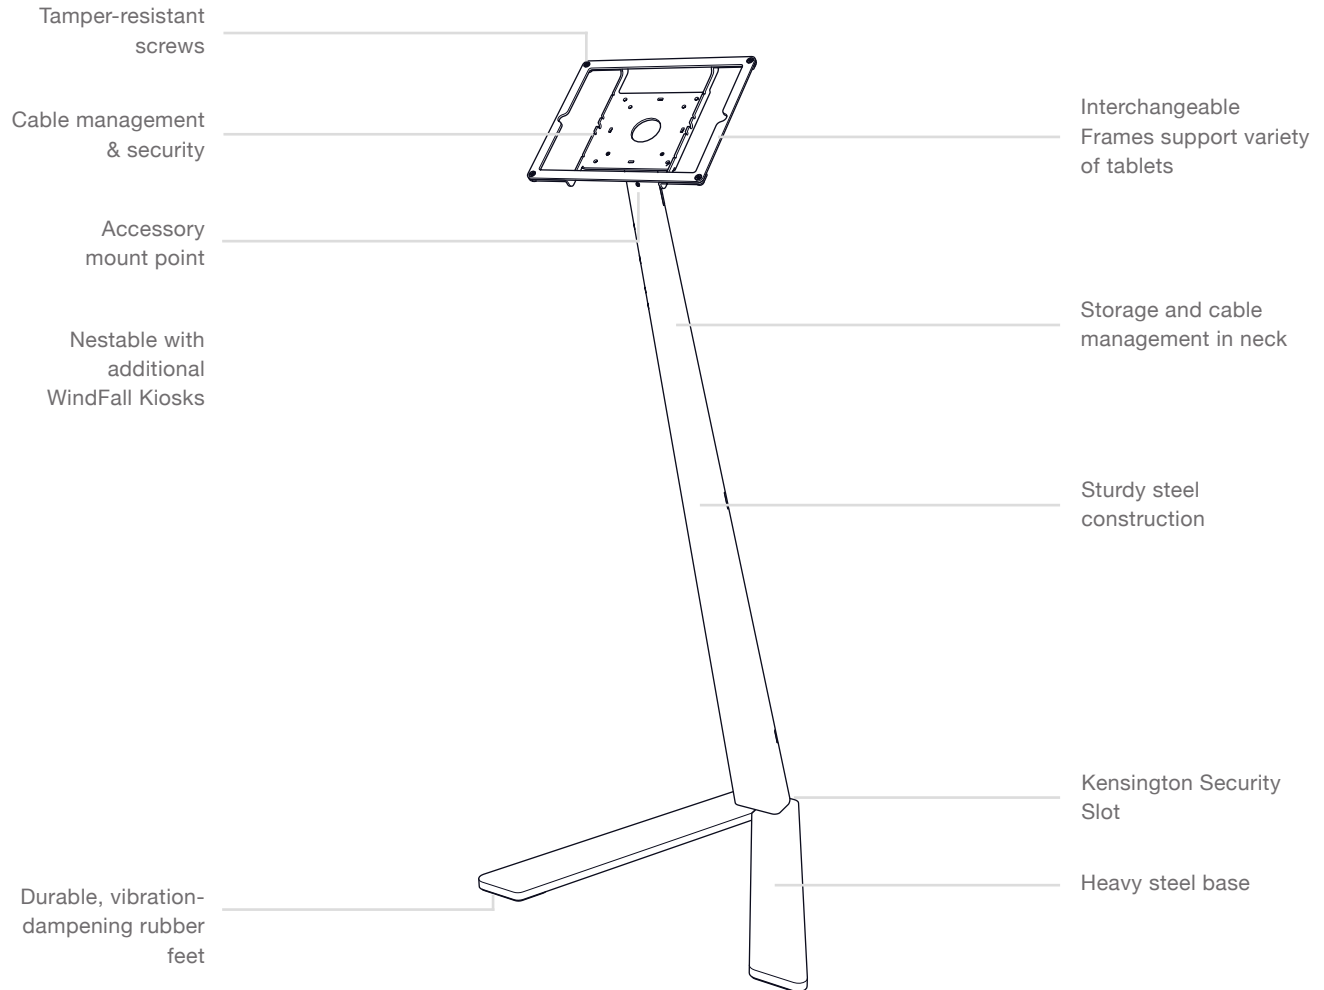

KIOSK

Secure, Commercial-Grade Tablet Kiosk

Place information and interactivity anywhere—beautifully. Far too often tablet kiosks are obtrusive, ugly, or made with consumer-grade materials. WindFall Kiosk bucks this unfortunate trend. Fabricated completely of fully-welded heavy steel yet featuring a sleek, unobtrusive design, WindFall Kiosk complements any professional environment. But don't let its visual simplicity fool you—it's packed with smart features.

Designed carefully to compliment its environment and to provide an unobstructed view of the objects behind, WindFall Kiosk will look good anywhere. Its tapered, reaching neck invites interaction while adding a sculptural element to the room.
